

Bonjour → *Hello.*

Is English blocking you? We guide you — *in French.*

Prépara helps you improve your English for **work or study** — a clear plan, entirely guided in French. Built for francophones who cannot access free classes (LINC): work or study permit holders, or those awaiting permanent residence.

How it works

- 1 **An assessment of your level**, right at the start — you know exactly where you stand.
- 2 **A personalised plan**, week by week, matched to your goal.
- 3 **20 to 60 minutes a day**, online, at your pace — compatible with work and family.
- 4 **Human follow-up** — a real team checks in if you fall behind.
